

# READY FOR FACE-TO-FACE SCHOOLING!

Two years after blended learning online and modular classes, students were excited about attending face-to-face classes in SY2022-2023.

Smiles on their faces showed enthusiasm and excitement even behind facemasks at the new-normal setup in school.

They attended school activities/ gatherings and went back to their previous practices in school, interacting with their teachers and classmates. Provision of monthly incentive allowance for their school projects, load, and miscellaneous fees continued.

With the guidance of the school administration and their parents, students are practicing necessary health protocols, preventing the spread of COVID-19, and being in face-to-face classes.

*These PAGA students all in their school uniforms were all excited to face-to-face classes.*

Jan T. participated in her school's Celebration of the United Nations

George O. so focused on doing an actual school project.

## Update Report from students on their activities in school

Dear P.A.G.A,

A blessed day to all of you. I'm here to share my experiences in September.

My September is an adventure time also for me. Because my September was full of curricular activities, such as Tanglawan festival that all of BPA students join the event. We took a parade and some games; we also watched some concerts by local artists that so much fun and I really enjoyed it.

The best thing that happened in September was when we had a group about reporting the purpose of the communication was so fun because I met my friends and I build a friendship with others. And also, in September that full of group projects and one thing that I can't forget at September was when we have a group project we need to interview a foreigner living here in our barangay. Through that project, we define the language barrier and cultural identity of everyone.

In September I learned a lot of things that I need to know and this September I really appreciate the things and lessons that come into my life. I also appreciate the effort of my loved ones and the people around me.

Thank you everyone and have a great day.

Respectfully yours,  
Daisyree G.

Dear PAGA,

Good day everyone.

This is my monthly report for the month of September 2022, I'm sorry for the delay. Yesterday I noticed that my google account had been restricted. I wasn't able to send and receive messages in my google account. Last September we came to a full face-to-face class, and we selected our room officer, and I still got the president position. After that, we faced so many activities and roleplay, and I'm the main lead we practice that play over a whole 2 weeks and my group got a high score which is 97/100 after that play our teacher just gave us more quizzes and they chose me to run as SSG VP of our school. That is my report for the month of September.

Thank you and God bless.

Truly yours,  
Princess MC

My PAGA Family,

Thank you so much for everything. First of all, I know all of us are happy because the face to face has started and I'm enjoying it so hoping we will be succeeded if we continue the face to face school. Let's hope and pray that the face to face will be continue.

That's all for now good luck to all of us.
